

Question 1

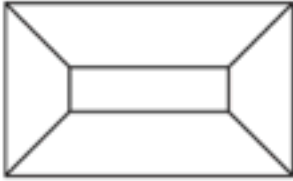

For each of these shapes write down

the number of lines of symmetry

**and**

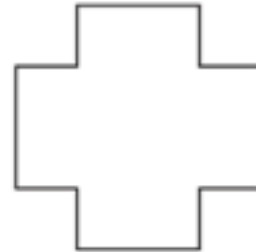

the order of rotational symmetry.

The first one is done for you.

Lines of symmetry        2  

Rotational symmetry order        2  

Lines of symmetry      \_\_\_\_\_

Rotational symmetry order      \_\_\_\_\_

Lines of symmetry      \_\_\_\_\_

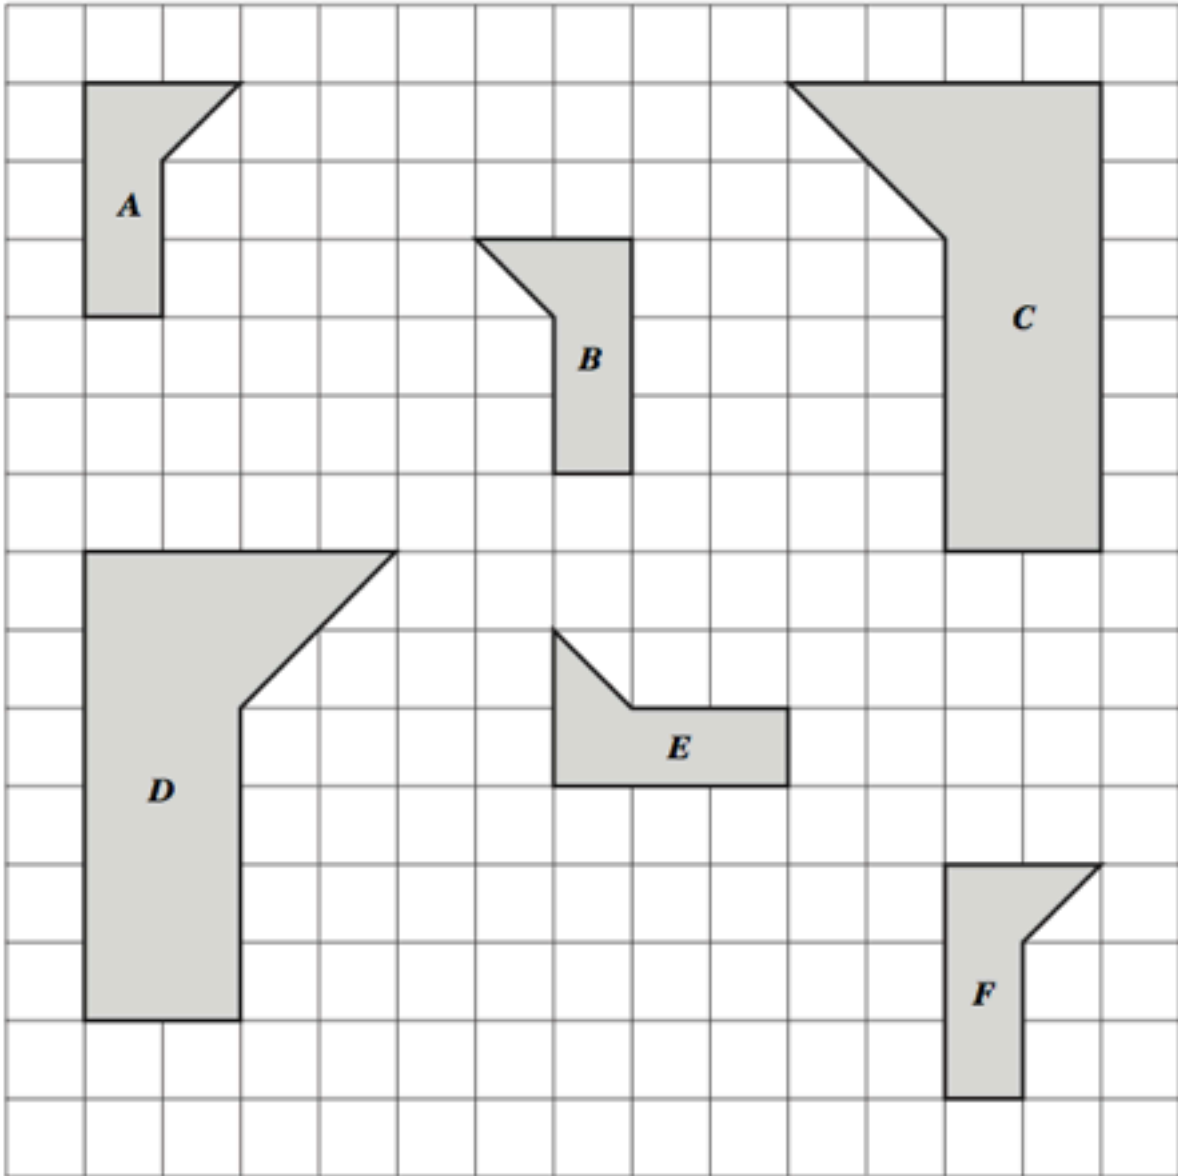

Rotational symmetry order      \_\_\_\_\_

Lines of symmetry      \_\_\_\_\_

Rotational symmetry order      \_\_\_\_\_

Question 2

Write down the letters of the shapes which are congruent to shape A.

Answer ..... (2 marks)
