

Name: _____

April 25	5-a-day	Higher
$1\frac{1}{5} + 3\frac{7}{10}$		
Find the volume of a cylinder with diameter 8cm and height 20cm.		
 <p>A diagram of a sector of a circle. The two radii are labeled '6cm' and the central angle is labeled '30°'.</p>	Calculate the area of the sector.	
Calculate the perimeter of the sector.		
Solve $5x^2 - 11x - 4 = 0$ using the quadratic formula.
