

Name: _____

January 1st	5-a-day	Foundation
Solve the inequality $3x + 2 \leq 8$		
A car decreases in value 10% a year. If it was bought for £5000, how much will it be worth after 2 years?		
	Calculate the length of the missing side	
Simplify $t^6 \times t^2$	Simplify $\frac{m^8}{m^3}$	
 15 cm	Calculate the perimeter of this semi-circle.
