Simplify $3 \times 5w$ Simplify $3w \times 5a$ Simplify $a + a + a + a + a$ Simplify $4m + 6p - 2m + 4p$

Write down the next term in this sequence.

2 6 18 54

Write down the next term in this sequence.

a $2a + 1$ $3a + 2$ $4a + 3$

A four-sided spinner has the numbers 1, 3, 5 and 7 on it.
A dice has the numbers 2, 4, 6, 8, 10 and 12 written on it.

In a game they are spun/rolled and their scores are added together.

Complete this table to show all the outcomes

+	2	4	6	8	10	12
1						
3						
5						
7						

What is the probability that the sum of the two scores is less than 14?
