A television is sold in the sales with a 20% discount.  
In the sales, the television is sold for £99.20

What is the usual price of the television?

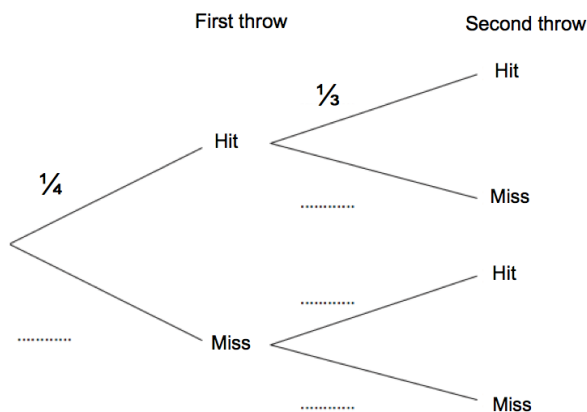

Each exterior angle of a regular polygon is  $5^\circ$   
How many sides does the polygon have?

What is the sum of the interior angles of the polygon?

Work out the value of  $x$ .

Jennifer is playing darts.  
She throws two darts aiming for a Bullseye. The probability Jennifer hits the Bullseye on her first throw is  $\frac{1}{4}$ .  
The probability she hits the Bullseye on her second throw  $\frac{1}{3}$ .

Complete the tree diagram.

Work out the probability Jennifer hits the Bullseye twice.
