Write down the cube root of 125

Work out

$$5^4$$

Work out

$$10^5$$

Write 0.67 $\frac{5}{8}$ $\frac{4}{5}$ 70%

In order of size, starting with the smallest.

Seb and James share money in the ratio 2:7.

James receives £30 more than Seb.

How much does James receive?

$$\text{Estimate } \underline{98.7 \times 3.05}$$
$$0.497$$
