

12th February

Corbettmaths

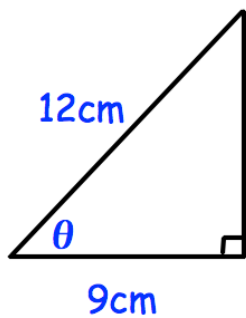

The table gives information about the number of people voting for each party at an election.

Party	Number of Votes
Gold Party	12598
Pink Party	9112
Brown Party	20059
Purple Party	4466

There are 52852 people who can vote
The target was that 88% of people would vote.

Was the target met?

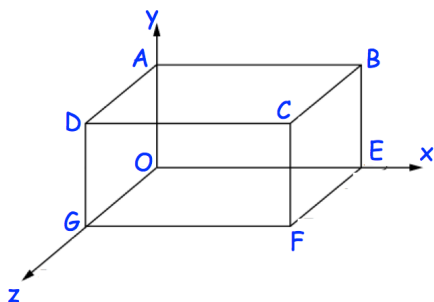

Write $\frac{126}{40}$ as a decimal

Find the angle θ

A car was bought for £20000.
Its value depreciated by 15% each year for the first three years.

What was its value at the end of the three years?

This diagram shows a cuboid drawn on a 3D grid. C has coordinates (5, 2, 3).

Write down the coordinates of the point A.
