

15th February

Corbettmaths

Vicky buys an ice cream for €2.16 in Berlin.
The exchange rate is £1 = €1.60.

Find the cost of the ice cream in pounds.

Calculate the nth term for

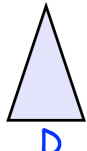

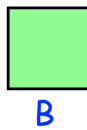

2, 7, 12, 17, 22

Using the nth term, work out the 100th term

Country	Frequency	
France	3	
Wales	4	
England	11	

Ricky is drawing a pie chart.

Work out the size of each angle.

Shape	A	B	C	D
Order of rotational symmetry				

Expand $5(y + 4)$

Expand $2(3y + 1)$
