

13th January

Corbettmaths

Simplify

$$a + a + a + a$$

Simplify

$$4a + 8c + 5a - 3c$$

Each unit of gas costs 30p

How much was spent on gas between January and June?

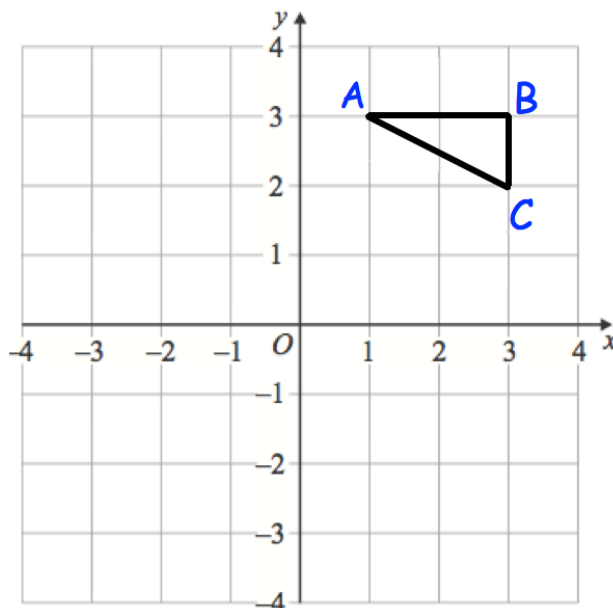

meter reading

Jan 2350

June 2413

Solve

$$\frac{c}{2} + 3 = 10$$

Solve $2e - 8 = 14$ Rotate triangle ABC 90° anticlockwise about centre (0, 0)
