

How to use the QR codes

In terms of the back of the revision card, you will find 3 QR codes that bring the learner to over 10 hours of videos and over 1000 questions and answers.

To use the QR codes to access the material, there are 3 ways in which you can do this:

- 1) With a phone or tablet using a QR scanner such as <https://itunes.apple.com/gb/app/qr-reader-for-iphone/id368494609?mt=8>
- 2) Direct from your PC/Mac using your webcam and this amazing website: <https://www.the-qrcode-generator.com/scan>
You will be prompted to allow access to your webcam and then you just hold the revision card up and cover up the two QR codes that you don't want scanned.
It is very simple to use.
- 3) Email me at corbettmaths@gmail.com for an eBook that can be downloaded direct to your phone/tablet/PC/Mac
