

31st December

Corbettmaths

Solve $8w = 24$

$$w = 3$$

Solve $4w + 7 = 15$

$$4w = 8$$
$$w = 2$$

8 3 4 2 1 9

Work out the median

$\cancel{8} \ \cancel{3} \ 4 \ 2 \ 1 \ \cancel{9}$

$$3.5$$

Work out the range

$$9 - 1 = 8$$

Write a suitable fraction in each box.

Rotate trapezium A 90° anti-clockwise about the origin.
