

Name: _____

Exam Style Questions

Intersecting Chord Theorem
Intersecting Secant Theorem

Corbettmaths

Ensure you have: Pencil, pen, ruler, protractor, pair of compasses and eraser

You may use tracing paper if needed

Guidance

1. Read each question carefully before you begin answering it.
2. Don't spend too long on one question.
3. Attempt every question.
4. Check your answers seem right.
5. Always show your workings

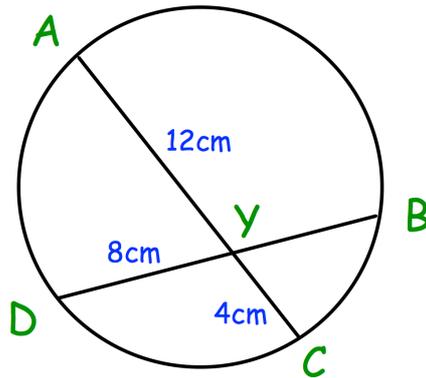

Revision for this topic

Video 368

1. A, B, C and D are points on a circle.
Y is the point of intersection of the two chords AC and BD.

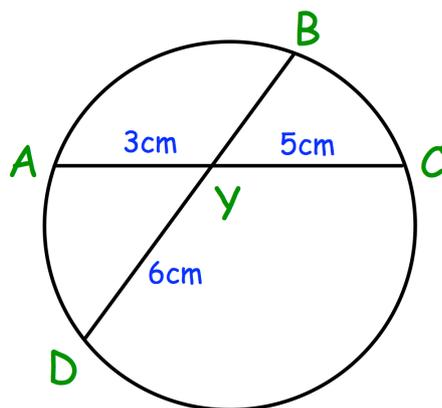

$AY = 12\text{cm}$ $DY = 8\text{cm}$ $CY = 4\text{cm}$

Find the length of BY.

.....
(2)

2. A, B, C and D are points on a circle.
Y is the point of intersection of the two chords AC and BD.

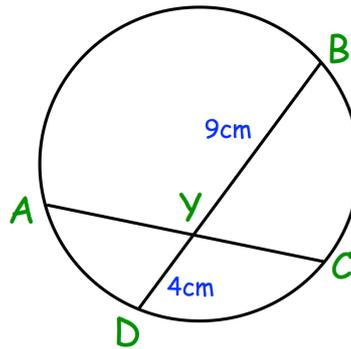

$AY = 3\text{cm}$ $DY = 6\text{cm}$ $CY = 5\text{cm}$

Find the length of BD.

.....
(2)

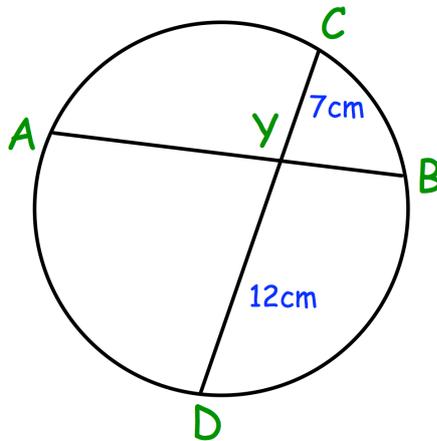

3. AC and BD are chords that intersect at the point Y.
The chord BD bisects AC.

BY = 9cm DY = 4cm
Find the length of CY.

.....
(2)

4. AB and CD are chords of a circle.

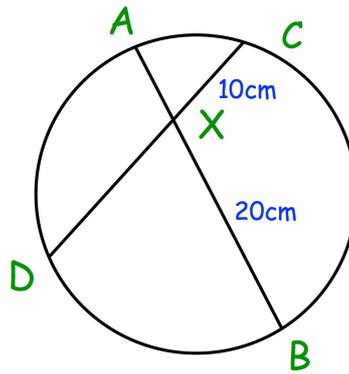

DY = 12cm CY = 7cm
The chord AB has a total length of 20cm.
AY > YB

Calculate the length of AY.

.....
(4)

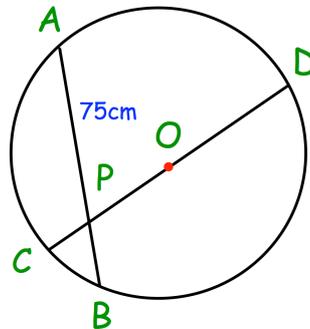

5. AB and CD are chords that intersect at the point X.

The ratio of AX to XB is 2:5.
Find the length of DX.

.....
(3)

6. AB is a chord of the circle, centre O.
CD is the diameter.
AB and CD intersect at P.

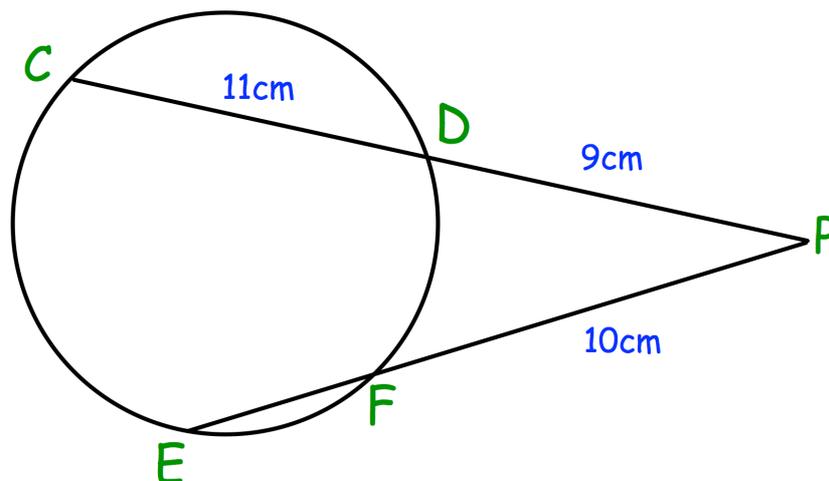

AP = 75cm and AB = 87cm
CP:PO = 2:3

Calculate the circumference of the circle.

.....
(4)

7. CD and EF are chords of the circle below.
The chords meet at the point P, which is outside of the circle.

$$CD = 11\text{cm}$$

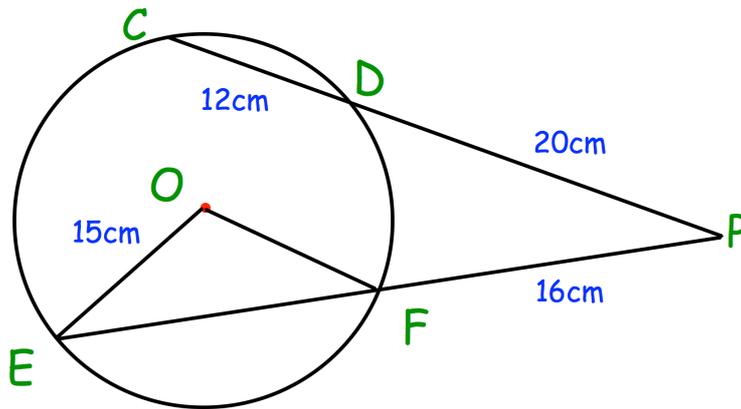

$$PD = 9\text{cm}$$

$$PF = 10\text{cm}$$

Work out the length of EF.

.....
(2)

8. CD and EF are chords of the circle with centre O.
The chords meet at the point P, which is outside of the circle.

CD = 12cm

PD = 20cm

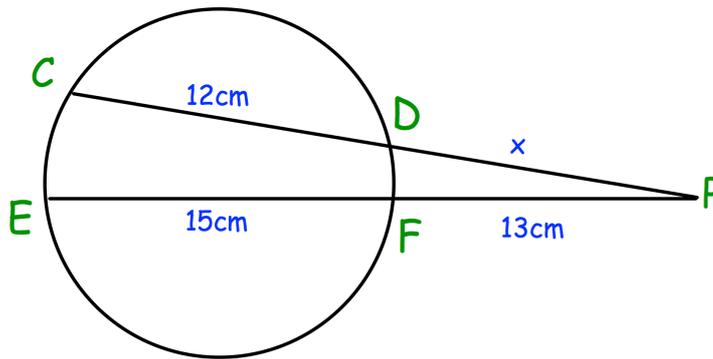

PF = 16cm

OE = 15cm

Calculate the area of triangle OEF.

.....
(6)

9. CD and EF are chords of the circle with centre O.
The chords meet at the point P, which is outside of the circle.

CD = 12cm PF = 13cm EF = 15cm

- (a) Show that $x^2 + 12x - 364 = 0$

.....
(2)

- (b) Find the value of x

.....
(2)
