

Name: _____

5-a-day

Foundation Plus

16th April

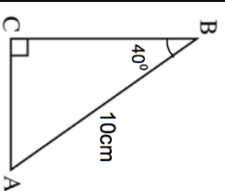

The sum of the interior angles in a polygon is 7380° .

Calculate the number of sides the polygon has.

Solve

$$x^2 - 3x - 10 = 0$$

Find the size of AC.

The number of visitors to a museum fell by 8% from March to April. In April, 42700 people visited the museum.

How many people visited the museum in March?

Evaluate

$$2^4 \times 4^{-2}$$
