

Name: \_\_\_\_\_

5-a-day

Foundation

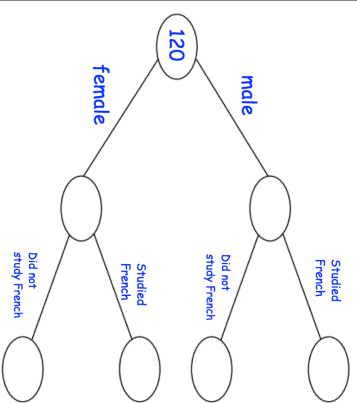

26th April

Solve  $2x = 18$

Solve  $x + 4 = 13$

Corbettmaths

Find the highest common factor of 24 and 36.

There are 120 students in year 11.

72 of the students are female  
20 of the male students studied French  
16 of the female students did not study French

Complete the frequency tree

Here is a sequence of numbers

9 15 21 27 ....

Find the 50th term

Find the  $n$ th term.
