

17th April		Corbettmaths	
Simplify $\sqrt{20}$			
<p>A cylinder has radius 5cm and length 10cm.</p> <p>A sphere has the same volume as the cylinder.</p> <p>What is the radius of the sphere?</p>		<p>Enlarge the rectangle by scale factor -2, using $(1, 0)$ as centre of enlargement.</p>	
			Calculate the perimeter of the triangle.
