

Name: \_\_\_\_\_

5-a-day

Numeracy

12th February

Work out 841 - 318

Work out  $144 \div 8$

Arrange in order from lowest to highest

2kg 1800g  $2\frac{1}{4}$ kg 2090g

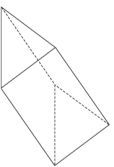

Find the area of the rectangle

9cm

5cm

Write down the number of vertices

Shown is a triangular prism

Write down the number of edges

$$\square \times 10 = 457.1$$
