Andrew																					
David																					
George																					
What is the range of the number of phone calls received?		<div style="border: 1px solid black; padding: 5px; width: fit-content;">Key:</div>																			
	$\frac{3}{4} + \frac{5}{7}$																				
Simplify		Simplify																			
$m^6 \times m^2$		$m^6 \div m^2$																			
Calculate the circumference of this circle. Give your answer to 2 decimal places
