

11th January	
David is x years old Martin is 3 years older than David The sum of their ages is 37 Write an equation based on this information	Solve the equation Corbettmaths
	Work out the gradient of line L
	Calculate the shaded area
Solve the simultaneous equations $5x - 2y = 4$ $3x - 6y = 6$	
	State the condition why these triangles are congruent.
