

Name: _____

5-a-day

Foundation

2nd June Work out 10 cubed	 Corbettmaths Work out the cube root of 64
Write down £1.50 as a fraction of £5	Write that answer as a percentage
Solve $5y - 2 = 28$	Solve $6(y + 2) = 54$

Match each scatter graph to the best description of the type and strength of correlation.
