

16th November		Corbettmaths	
Simplify $\sqrt{60}$			
	Find the area of shape BDEF		
	Find the perimeter of shape BDEF		
James, Fred and Kevin each take a penalty The probability James scores is $\frac{4}{5}$ The probability Fred scores is $\frac{2}{3}$ The probability Kevin scores is $\frac{3}{4}$	What is the probability that all three score?		
Solve			
$4x^2 + 4x - 3 = 0$
