

Name: _____

5-a-day

Foundation

9th August

Write down the cube root of 125

Work out

Work out

5^4

10^5

Write 0.67 $\frac{5}{8}$ $\frac{4}{5}$ 70%

In order of size, starting with the smallest.

Seb and James share money in the ratio 2:7.

James receives £30 more than Seb.

How much does James receive?

Estimate $\frac{98.7 \times 3.05}{0.497}$
