

15th September			
The bearing of A from B is 098° , find the bearing of B from A.			
		Calculate the area. Give your answer in terms of π	
			
Work out the LCM of 28 and 42			
			
Sketch $y = x^3$		Sketch $y = -x^3$	
A full box holds 50 CDs to the nearest 10.			
What is the greatest number of CDs that 8 boxes would hold?
