

Circle the three odd numbers

10 19 21 24 26 31 40

Measure the angle shown

Work out  $20 - 6 \times 2$

Car Park  
£0.70 per hour

Mr Nixon parked his car at 8am and he drove out at 5pm.

For how many hours was he in the car park?

How much should he pay for his parking?
