

List the prime numbers between 20 and 40.

When Ali takes a penalty the probability that he will score a goal is $\frac{4}{5}$

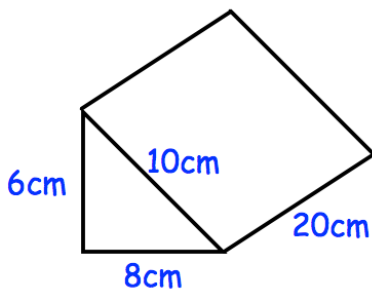

Ali takes 30 penalties, how many times is he expected to score a goal?

There are red, green and white counters in a bag.

$\frac{3}{8}$ of the counters are red.

$\frac{1}{6}$ of the counters are green.

What fraction of the counters are white?

Calculate the volume

Expand $4(x + 3)$
