

**0.17**

Write as a percentage

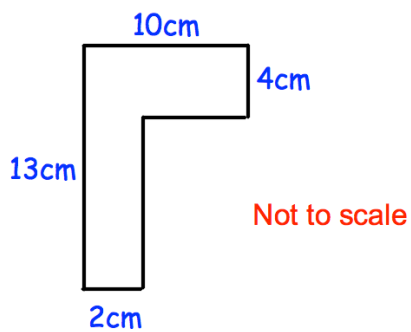

Write as a fraction

Work out

0.3×0.2

Work out

$5.18 \div 7$

Calculate the area of the shape

Four numbers have:

- a mode of 4
- a range of 7
- a median of 4

List what the four numbers could be

A plane travels at an average speed of 550km/h.

The plane travels 4400 kilometres.

Calculate how long the plane journey took.
