

<b>Starter</b>	<b>Main</b>
Soup	Beef
Melon	Gammon
Prawns	

Elsie is going to choose one starter and one main.

List all her possible choices.

SB MB PB  
 SG MG PG

Rhys is  $x$  years old.  
 Hannah is 7 years younger than Rhys.

Write an expression for Hannah's age.

$x - 7$

Each member of a club is going to receive a badge.  
 There are 824 members.

The badges are sold in packs of 15.

Work out the least number of packs of badges that need to be bought.

$15 \overline{) 824} = 54 \text{ r } 14$

55 packs

The pie chart shows the flavours of ice cream sold by a shop in one day.  
 There were a total of 270 ice creams sold.

Calculate the number of vanilla flavoured ice creams sold.  $\frac{1}{6}$

$6 \overline{) 270} = 45$

Calculate the number of strawberry flavoured ice creams sold.  $\frac{1}{5}$

$5 \overline{) 270} = 54$
