

Work out 3^4

$$3 \times 3 \times 3 \times 3$$

$$= 81$$

A car park costs £0.05 per minute.

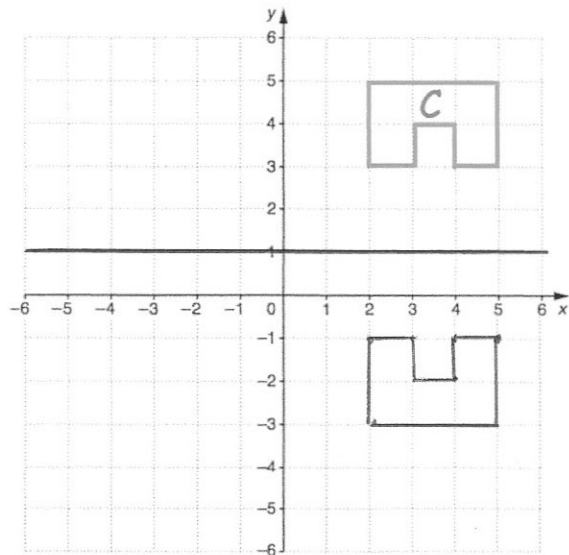

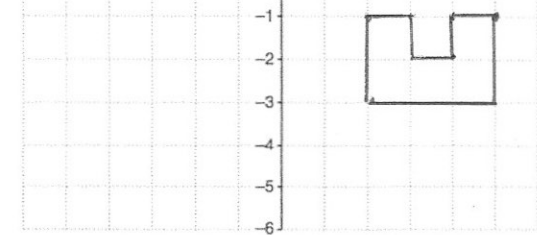

Amelia parked in the car park at 2pm.
When she left she had to pay £3.70

What time did Amelia leave the car park?

$$\begin{array}{r} 074 \\ 5 \overline{) 370} \end{array}$$

74 minutes
1 hour 14 mins

3:14 pm

Draw the line $y = 1$ Reflect shape C in the line $y = 1$ Solve $4(x - 7) = 48$

$$4x - 28 = 48$$

$$+28 \quad +28$$

$$4x = 76$$

$$x = 19$$
