

Write down an algebraic expression for
p multiplied by m

3 less than p

Shown below are two stacks of identical blocks

Find the height of the second stack.

Find y

Simplify

$$m^6 \times m^2$$

Simplify

$$\frac{m^{10}}{m^2}$$

Shown below are the ages of some friends.

Age	Frequency
7	3
8	5
9	2

Work out the mean
