

Connor's watch is two minutes fast.
Grace's watch is nine minutes slow.

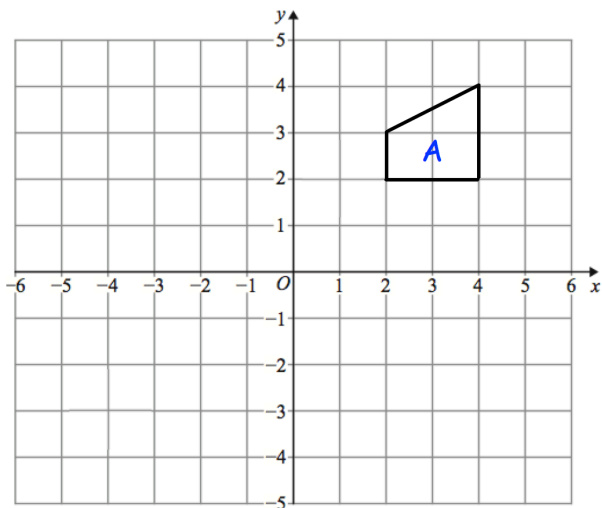

What time is shown on Grace's watch when Connor's watch shows 20:03?

Here is a rule for continuing a sequence.

Add 4
then
Multiply by 2

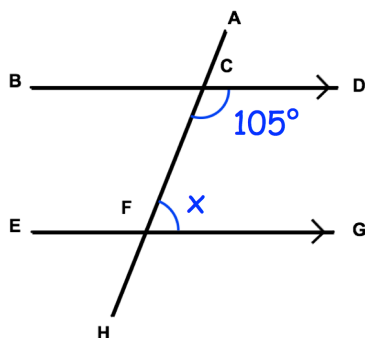

The second term of this sequence is 20.

What is the first term?

Reflect shape A in the y-axis
Label your answer B.

Rotate shape A, 90 degrees clockwise
about the origin.
Label your answer C.

Find the size of angle x.
