Corbettmαths

A vintage car was bought for £9,400  
Since then the value of the car has  
increased by 29%

Calculate the value of the car.

Find x

Translate shape D using translation vector  $\begin{pmatrix} -3 \\ -2 \end{pmatrix}$

Ava and Sienna share some money in  
ratio 2 : 7

Sienna gets £25 more than Ava.  
How much does each girl receive?
