

A television is sold in the sales with a 20% discount.
In the sales, the television is sold for £99.20

What is the usual price of the television?

Each exterior angle of a regular polygon is 5°

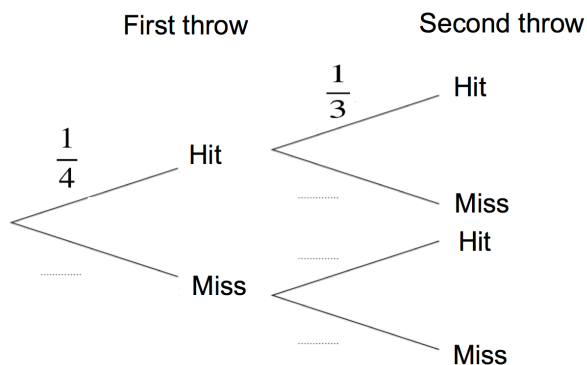

How many sides does the polygon have?

What is the sum of the interior angles of the polygon?

Work out the value of x.

Jennifer is playing darts.
She throws two darts aiming for a Bullseye. The probability Jennifer hits the Bullseye on her first throw is $\frac{1}{4}$
The probability she hits the Bullseye on her second throw $\frac{1}{3}$

Complete the tree diagram.

Work out the probability Jennifer hits the Bullseye twice.
