

Shown below is a rectangle.
The measurements are in centimetres.

Find x

Find y

Find the perimeter of the rectangle.

Expand and simplify

$$(3w - 5)(2w + 9)$$

A car travels at an average speed of 28.7mph

Work out an estimate for how long it will take the car to travel 10 miles.

Is your answer an underestimate or an overestimate

Calculate the surface area of the cylinder.
