

Calculate the circumference of this circle, leaving your answer in terms of π

Expand and simplify

$$(x + 4)(x + 6)$$

Factorise $y^2 + y - 20$

Shown is a right angled triangle.

Find angle x .

Olivia has 36 DVDs.
This number of DVDs is 80% more than the number she had last month.

How many DVDs did Olivia have last month?

Match each of the following

$4x + y$ ————— Expression

$x + x + x = 3x$ Equation

$5x - 2 = 28$ Formula

$V = lwh$ Identity
