

Write down an estimate for $\sqrt{51}$

Last month James weighed 75kg
This month James weighs 78kg

Calculate the percentage increase.

Line A $y = 4x + 1$

Line B $y = \frac{1}{4}x - 1$

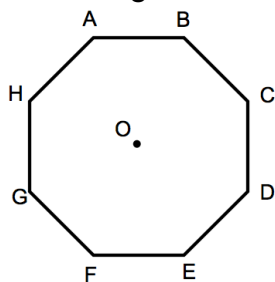

Line C $y = 4 - x$

Line D $y - 4x = 5$

Line E $y + 4x = 8$

Which line passes through the point (3, 1)?

ABCDEFGH is a regular octagon.

Calculate the size of angle AOB.

Calculate the size of angle ABC.

Mrs Holland wants to paint her garage wall.

Each can of paint covers 5m^2 .

Each can costs £7.50

How much will it cost Mrs Holland to paint her garage wall?

The wall measures $6\frac{2}{3}$ m by $3\frac{1}{7}$ m
