

Write down the equation of the line shown

Write down the equation of the line parallel to the line shown that passes through the point (0, 8)

Construct the angle bisector of CDE

The densities of two different liquids A and B are in the ratio 2:5.

The mass of  $1\text{cm}^3$  of liquid A is 1.5g.

Work out the mass of  $20\text{cm}^3$  of liquid B.
